Instructions

Use these love balls while alone or together with your partner. The remote control provides you with many options. You can use the love balls for fun, or to strengthen your pelvic floor muscles.

Always clean the love balls before and after use

1. Turn on the love balls with the on/off button on the plug
2. Apply some water-based lubricant and insert the love balls
3. Control the love balls with the remote control provided to alternate between the different vibration patterns
4. Carefully remove the love balls after use.

A. Button On/Off:

Press ON/OFF button for 2 seconds to turn on.

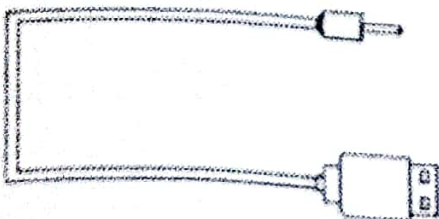

Press and hold ON/OFF button for 2 seconds to turn off.

B. Button Vibration Modes:

Press to get to the pulse that you are looking for... there are up to 7 vibration patterns to choose from.

C. Charging:

Push the plug of the charger firmly inside the charging-opening of the Motion Love Balls and put the charger in a (wall) socket to charge.

Lubricant

We recommend using a quality ***water-based*** lubricant to make it easier to insert the product.

Cleaning

Clean the vibrator properly before and after use by using warm water and some soap, or a toy cleaner. Do not use any products other than the ones listed above, as they may damage the device.

Storage

Do not leave the vibrator in direct sunlight, and do not subject it to extreme heat. Store the device in a dust-free place, and keep it away from other devices. Store the product in a dry and ventilated place.

Safety

If you experience any kind of discomfort while using the device, stop using the device immediately, and contact your healthcare provider.

Information about discarding the product

This product may not be treated like household waste. Take this product to a collection facility for recycling electrical and electronic devices.
