

# XR BRANDS BANG!28X REMOTE CONTROL ANAL BEADS

## User manual

### CONTROL

- 1) Turn on the product by pressing the "ON/OFF" button on the body of the corals for about 3 seconds.
- 2) With subsequent short presses of the button, you switch between the individual vibration modes.
- 3) The corals must be turned on for use with the remote control.
- 4) By briefly pressing the buttons with the "~" symbol, you change the individual vibration rhythms.
- 5) By pressing the "+" and "-" buttons, you increase or decrease the vibration speed.
- 6) By pressing the middle "ON/OFF" button on the body of the controller, you turn off the vibrations.

### MAINTENANCE

After each use, rinse the product with lukewarm water.

We also recommend using an [erotic cleaner](#), which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

### WATERPROOF

The product is **water resistant**, so maintenance is very easy.

The product can be splashed with water, but you **MUST NOT immerse it in water!**

Waterproof means that you could completely submerge the product in water and enjoy water play.

Due only to the water resistance of the product, this is not possible in this case.

The remote control IS **not water resistant or waterproof!**

### LUBRICATION

Use only [water-based lubricants](#). Other lubricating gels could damage the surface of the aid and it could become sticky.

### DRIVE AND CHARGING

The product is powered by an integrated Li-on battery, which is approximately half charged from the factory, but we recommend that you fully charge it before first use.

Charge the battery using the included USB cable, which can be plugged into a phone adapter, PC or powerbank. Charging time is about 60 minutes.

The remote control is powered by CR2032 battery.

### STORAGE

Store separately from other erotic aids in a dry and dark place.

### PACKAGING CONTENTS

In the package you will find a anal beads, remote control, USB cable for charging and CR2032 battery.
